

Research Requirements:

Each person in your group, in order to receive full points must have:

Research:

Question listed first

Multiple different answers to question in complete sentences--own words

Answers make sense

2+ sources for each answer

At least 2 questions per person that are answered as described above

Video notes on one or more videos, with source listed

- Have I written my research question/search terms on my page prior to collecting potential answers?
- Have I copied and pasted the source to my page for each online source, and copied the title, author and year for any books/magazines I used?
- Have I written the notes from my readings in my own words, so they will make sense to me and others?
- Do my notes relate to the research question I wrote above it?
- Have I erased any direct quotes I copied and pasted to my page in order to rewrite in my own words?
- Have I utilized at least 5 different online and other sources to address each of my research question(s) with multiple answers? (I found at least 3+ answers/ideas/examples for each question I researched)
- Have I used at one or more videos to view and take notes on my topic and added it to my page?
- Have I collected (copied and pasted) at least 10 images that might be useful for my documentary and that go with my notes/answers?
- Can I explain each image in a sentence or more and tell why I included it in this collection?
